
Gluten And Lactose Free Wegmans Brand Products

This list is maintained by Consumer Affairs, Quality Assurance for Wegmans Brand. It is updated regularly. For further information visit us at www.wegmans.com, email us at comments@wegmans.com, or call 1-800-Wegmans, extension 5920.

Recheck labels and ingredient statements every time you purchase.

This list is not for use by people with milk allergies. A milk allergy is different than lactose intolerance. See your health care provider if you suspect you have a milk allergy. For more information on milk allergies contact the Food Allergy and Anaphylaxis Network (FAAN) at www.foodallergy.org.

To the best of our knowledge the following Wegmans Brand items are gluten and lactose free. Wegmans works with our suppliers to investigate and verify the gluten and lactose status of Wegmans Brand Products. A food item may appear to be gluten and/or lactose free but not be listed because our supplier could not guarantee a gluten and/or lactose free claim. Products are identified as gluten and lactose free based on the product as packaged. You will need to verify the gluten and lactose status of any additional ingredients used during preparation.
